Autumn hedgerows around Baydon

Hello All...

Autumn seems too early this year after the summer we've had. The weather has been good for some things though - abundance of apples and hedgerow fruits. Other plants are confused and flowering in the garden at the wrong time of year. That's nature for you.

A notice opposite from Kate Buckingham asking the whole village to get behind a harvest appeal for food for the Swindon Food Bank.

We also look forward to the village firework display in this edition. We were privileged to be in San Francisco for the 4th July celebrations this year and looked forward to their fireworks in the Bay. I can comfortably say that Baydon puts on a better display!

Jo Cooling

Since the last Scene *Muttley* has....

...had many food stealing moments:

- ♦ whole tray of flapjacks left out to cool
- ♦ fruit bowl raid
- ♦ climbed on a chair to reach a box of chocolates (caught him before he ate them!)
- ♦ found a 30kg package of dried dog food left by couriers in our log store. Dragged it out, chewed through two layers of packaging and tucked in!

Oh Muttley.....

Baydon Village Harvest Appeal 2015 FOOD FOR FAMILIES

As the need for Food banks is ever increasing, we are starting
community Harvest appeal in aid of the Swindon "Food Bank" who
also take the "perishables" to the Salvation army soup kitchen

Baydon St Nicholas school children and their parents usually provide the vast majority of gifts at the Harvest Festival, but we feel sure that there are many people in the village who would like to give they were reminded. It would be wonderful if the "villagers" could match the school's success in providing food for those in need.

It would be great if you could help with the Appeal, either as an individual or as a member of your organisation.

The Food Bank website (see <http://www.swindonfoodbank.co.uk>) has lists of the things they need most urgently, as well as some great fund-raising ideas.

Donations can be dropped off at School, or placed in either the hamper in the Church or the box at the Shop.

From the Minister...

Harvest Festival is celebrated in our churches at this time of year. We live in beautiful countryside, and have watched the changing colour of the fields throughout the year - the green of new growth, the yellow of oil seed rape, the golden barley fields. It is timely to give thanks for all we have – including our local communities. Harvest comes in many other forms as well – a good exam result, a new life skill learned, a baby in the family, new friendships forged, acts of kindness received. What “harvest” would you celebrate in your life this year?

In our churches you will normally find a basket for gifts of food to support the work of the Swindon Food Bank, who provide emergency food parcels to those in our locality facing a crisis. We act as a collection point. It is an opportunity to show our thanks in a practical way all the year round.

Although we may have felt the pinch over the last few years with the recession and subsequent austerity measures that were put in place, thankfully none of us will have had to flee our country because of war or violence, as have some of the migrant families arriving in Greece and Italy over the summer months. They hope for safety in Europe. This situation may well be deeply unsettling, but as we recollect all we have, let us ask God for a harvest of compassion in our hearts, and a harvest of wisdom for the governments of Europe in determining the best way to manage this situation.

Jackie Hollander
Lay Minister

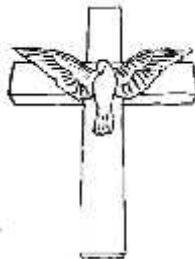

All Souls Service of Remembrance & Thanksgiving at Holy Cross, Ramsbury

Sunday 1st November 2015 at 4pm.

Each year we hold a service to remember those who have died and give thanks to God for all that they have meant and continue to mean to us.

It is open to all and those attending may light a candle in memory of their loved one. During the service, the congregation will be invited to lay a piece of rosemary in the chancel to make a cross around the names of those remembered. This will be formed from the names of those who have died in the last year, along with names written on the forms left in the churches. Whilst many of those present will be giving thanks for people in these communities, those we wish to remember do not need to have lived in our villages, so please come along for this special service.

If you would like to talk to someone about the service, please ring either Revd Simon Weeden (01672 520235), Revd Candice Marcus (01672 540311), Revd Sue Rodd (01672 541571) or the Team Office (01672 520963). The forms to add the name of someone you would like to remember will be in the Whitton Team churches from 1st October.

Heads Up!

I would like to welcome everyone back to school following the Summer break, to what is going to be a busy, fun filled term leading up to Christmas. Our staff have worked tirelessly to ensure a smooth transition to our new class structures and all classrooms look bright and welcoming. We again welcome our new children both in Foundation Year and further up the school to our school family.

We are very fortunate in having after school clubs already up and running including football, tennis, dance and ball skills.

We are also planning our first whole school trip of the year to Westonbirt Arboretum where we will be spending time in the Education Centre and working with Woodland Adventurers.

We are currently preparing for our Harvest Service on Friday 2nd October and our Governors Open Morning on 14th October, where we invite anyone to attend who will have a child starting school in September 2016. Primary school applications need to be made to local authorities by 12 noon on 15th January 2016. We have application forms for Wiltshire residents in school should anyone need them.

We currently have vacancies for Midday Supervisory Assistants.. If you wish to discuss either of these roles please contact the school office on 01672 540554.

Message from Baydon Parish Councillors

We have two long standing vacancies for Councillors. Also as you know we do not have a Clerk.

We do understand that we cannot run as efficiently as we would like because we do not have a full complement of seven. We have members with full time jobs, plus associated commuting time, and only one retired member. On the positive side, and in spite of various setbacks, we feel we have achieved quite substantial projects as originally set out in the Village Plan 2009.

We think there should be a balance between working and retired Councillors so that some of the day time duties can be carried out by the latter, enabling our Parish Council to function with standards that residents expect.

With experience from the recent past, the alternative could be to pay outside resources to carry out some of the Council agenda items. Setting up and managing work, in itself, needs organising and sometimes attendance during working hours. If this became established it may possibly lead to an increase in the Precept. The Precept is the only legal duty we have now and that does not require the existence of an independent Parish Council to set it.

An option regarding the Clerk vacancy could be to employ a locum Clerk i.e. someone from outside the village.

In these days of continual changes to employment opportunities and practices we could slide towards a quorum or below. Retired members can help to counteract this potential problem.

In view of all the above we are appealing to retired residents to think about your village situation and hopefully be persuaded to join us on the Council. We can meet anyone on a one-to-one or group basis to discuss any queries etc. Please give it some thought.

Cycling the length of the Country....

I cycled from Lands End to John O'Groats over nine days as part of the Deloitte Ride Across Britain with c800 other riders. I hosted two clients of mine from Deloitte and our route was 969 miles in total, averaging 108 miles.

Given it was a reasonable test of endurance, I decided to raise funds for the school through Friends of Baydon School. I would like to take this opportunity to thank everybody who supported me during the trip, not least my very understanding wife Amanda, and residents in the village for helping me raise £2240 (current count) although I anticipate this figure will rise.

Particular highlights on the trip include Cheddar Gorge, the Severn bridge, the Wye Valley, Glencoe Pass, Loch Ness and of course the finish line. Great experience, the training paid off and a great way to see the country. The mid life crisis can wait another year!!

If people still want to donate, remembering all funds go to the school, they can at www.justgiving.com/Matthew-Hodey

PROSPECT BOX COLLECTIONS

In the last Scene in Baydon I stated that I would have to finish collecting the boxes in the village this year. However Debbie has kindly offered to take in the boxes at the shop so that I can collect them from her, empty them and return them. I was finding the collection was getting difficult as sometimes I had to call four or five times before I found anyone in!!

If you would still like to contribute to Prospect, could I please ask you to drop your box into Debbie's during shop hours in early May and early September? When empty I will post them back through your letterbox. Many thanks.

Review of Robert Smail's Printing Works

I still haven't finished the book, so here is another non-book review! I appreciate that Scotland is not on your doorstep, but some of you venture far and wide; if you are ever in the vicinity of Innerleithen (between Peebles and Galashiels)

Robert Smail's Printing

Works it is well worth a visit. Dad and I had a fun and interesting time there. The 19th century print works still operates commercially using the original machines. The original shop holds records of all the printed material ever produced by the print works – the Smails never threw anything away. Then –those of you who know Dad or me will appreciate that we enjoyed this bit – demonstrations in the print shop. Victorian engineering really is poetry in motion. All the timing for the different action: – inking the roller, transferring the ink to the platen, picking up and placing the paper, the printing – is governed by mechanics. There is no electronic timing at all, of course

Upstairs, we set our own line of type and printed a bookmark. Type looks back to front when set – hence the apprentice had to “mind his p’s and q’s” when putting letters back in their boxes. From the setting room come also the terms “uppe case” and “lower case” – capital letters were kept in the sectioned case sat above the case holding the small letter!

Have you ever wondered how lines are put on lined paper? Or the grids in an account book? Find out at Smail's Print Works!

Tamzin grew up in Baydon, and visits from time to time to see her Dad. Tamzin has safely arrived in the north east of England and is settling in step by step. Her neighbours are kind and friendly. After years of using only electric ovens, she has managed to work out how to bake muffins in a gas oven without setting light to the paper cases. She has a personal blog at <https://tamzinsblog.wordpress.com> and an aid to non-native speakers of English at <https://simpleguidetoenglish.wordpress.com>.
